better streets. better drainage. better future.

The ReBuild Houston Initiative is the City of Houston's voter-initiated plan to rebuild drainage and street infrastructure. ReBuild Houston will improve the quality of life and mobility for residents through the reconstruction and proper maintenance of drainage and street improvements.

REBUILD HOUSTON

CITY OF HOUSTON
Public Works and Engineering Department
Engineering & Construction Division

Project Name: Willow Waterhole Drainage and Paving

WBS # M-001013-0001-4

Dates of Construction: _____ to _____

The work will include:

- Storm Sewer
- Water Lines
- Sanitary Sewer
- Street Paving
- Sidewalks
- Driveways
- Street Lights
- Street Overlay

Your public utility service will:

- Be affected
- Not be affected

Access to your driveway will:

- Be affected
- Not be affected

The Contractor performing the work is:

HUFF & MITCHELL, INC.

For immediate issues with construction, please contact the contractor personnel (available 24/7) at

Project Manager: Daniel Bonilla Jr. Cell: 281-235-6591

Superintendent: Jesse Moran Cell: 832-473-8241

Contractor: Huff & Mitchell, Inc. Office: 281-304-9100

For more information on this project, please contact the Houston Service Center by dialing 3-1-1 or (713) 827-0311, access www.houstontx.gov and click on the 3-1-1 icon or download our mobile app for Android & Apple iOS. You may also send an e-mail to PWECIP@houstontx.gov

As in all construction work, there will be designated work areas for excavation and moving equipment. Please be advised to exercise appropriate caution when traveling in or through these areas. Also, there may be times that water and/or sewer service may temporarily be lost. Every effort will be made to inform you of planned shutdowns of service. However, emergency situations may arise which may force the immediate shutdown of service. In these instances, every effort will be made to restore your service as quickly as possible.

Driveway access will be affected as a part of this project. There will be times you may have to share a driveway with your neighbor while pavement/driveways are being replaced in front of your house. All work is to be performed within the City right-of-way (ROW). This ROW extends 5 to 20 feet from the back of the existing curb, depending on the area.

During the design of this project, an arborist was engaged to perform an assessment of the trees in the area and to develop a tree protection plan. This plan will be implemented by the contractor to ensure adequate protection of the trees during construction.

Restoration of yards, sprinkler system, etc. will occur once all construction is complete on the street. If your sprinkler system is broken by the construction please contact 311 to report the break and PWE will ensure that the contractor makes the repair as quickly as possible.

The contractor has taken pre-construction photos of the project. If you perceive that damage has been done to your property, please report the damage via 3-1-1 and PWE will meet with you to review the damage.
